

**Amman Imman** WATER IS LIFE  
*Bringing water and hope to those who have none*

In the Azawak valley of West Africa, people have less than a glass of dirty water to use in a day.

Often they have none.

Amman Imman builds sustainable sources of water in the Azawak. With abundant and clean water, life can flourish.

**Please...make your donation today!**

The children of the Azawak deserve a future.
